

## **Grants Accelerator Project**

### Prospect Research Project Intake Questionnaire

*To complete, please select File>Make a Copy to save a copy that you can fill in. When you're finished, send your forms to [sgsteam@elevatedeffect.com](mailto:sgsteam@elevatedeffect.com)*

This form includes questions about your organization that will inform our Prospect Research Project. In your project kick-off meeting, your Elevate consultant will discuss the responses you provide here, so please feel free to indicate where additional information can be provided in that meeting. You're also welcome to include links or references to other sources of information – such as your website – where that could be useful.

#### **Organization Name:**

#### **Programmatic Information**

*What key words or themes describe your work? Start big and then drill down to specifics. (For example: Education->high school graduation and college readiness->mentorship and after school programs)*

*What organizations do similar work, have similar programs, or serve the same population? Who are your 'competitors'?*

*Who do you serve / what is the target audience for your programs or initiatives?*

*What is the geographic footprint of your work?*

*What makes your work distinct and different? What is your unique value proposition?*

#### **Funding Information**

*What are your primary funding needs? (General operating funds, support for a new or existing program, capacity building, etc.)*

*What is the range of grant amounts that you have secured to date?*

*Are there any specific foundations you are interested in learning more about?*

*What funders are already in your pipeline OR are already on your radar and you're not interested in further research about?*

*What grantmakers currently support your work OR have made grants to your organization in the past?*
